Forecast for Monday 26 Jul 2021

Weather: Low cloud to start the day across eastern most ranges, this burning off through the morning. Then some spells of warm sunshine, this setting a few slow moving heavy showers in the afternoon and evening with an isolated thunderstorm possible across the Trossachs and eastern Argyll. Staying dry elsewhere.

Chance of cloud free mountain/hill tops above 800m: 80%

Visibility: Poor in early low cloud below 300 metres in the east of the region at first. Otherwise generally good with cloud mostly above the highest summits, although lowering to 900 metres in heavy showers or thunderstorms. Some patchy cloud may affect the ranges of Mull, Jura and southern Kintyre, this mostly below mid-mountain level.

Met Office Aberdeen Meteorologist's View
Another warm day so be prepared for sunburn and dehydration. Risk of drenching downpours in the afternoon and evening in the east

Forecast for Tuesday 27 Jul 2021
Weather: Low confidence for detail. A lot of cloud expected through the day with scattered downpours, and isolated thunderstorms breaking out by the afternoon.

Maximum wind: Westerly 10 mph

Chance of cloud free mountain/hill tops above 800m: 50%

Visibility: Poor in low cloud down to 400 metres, this may be extensive in the east of the region. Best chance of breaks will be across the northwest.

Temperature: **Glens:** Plus 12 rising to 20 Celsius
At 800m: Plus 13 Celsius
Freezing level: Above summits
